AN AGGRESSIVE FIGHT.

Blaine to Push the Advantage He Has Gained in Indiana.

Blaine does not propose to let the grass grow under his feet, nor lose any of the advantage in Indiana which his prompt action in bringing a libel suit against the Indianapolis Sentinel has given him. He proposes to have the case pushed to an issue if possible and will do all in his power to overcome the legal delays which the defendants will doubtless endeavor to interpose. He sees his advantage and will not allow any milk-and-water retraction to induce him to withdraw. He is going to Indianapolis to testify in the case. He is entirely satisfied with the outlook in New York, which he considers safe. He regards Ohio and Indiana as the battle-ground of the campaign. Advices from his friends in Indiana, since Hendricks' return, are to the effect that the Indiana Democracy are very despondent and nearly on the run already, and his advisers believe that if he were to go to Indianapolis as the defender of his wife's good name, and either after or before the trial of the case deliver a few of his ringing, electric speeches to the Hoosiers, the Democracy would be turned in full rout. Logan is expected to be in Indiana about the same date and great efforts are being made to induce Blaine to speak in the State while Logan is making his canvass.

Why Cleveland Should Resign.

The Sun, under the head of the "Religious Conscious of the Country," calls on Mr. Cleveland to withdraw as a candidate for President. It prints extracts from leading religious organs, Catholic and Protestant, which, it says, constitute a most noteworthy feature in this unprecedented canvass.

The Congregationist says: If it were true that Cleveland could be shown to have abandoned his evil courses seven or eight years ago, and to have lived since and to be living at present an upright life, very many people would refuse to bring up the dark fact in his history against him now, but leaving out the Buffalo Telegraph and Rev. Mr. Ball's charge, we are constantly receiving new evidence in the matter, more emphatic in the condemnation of Cleveland. The party which nominated Gov. Cleveland should demand that he be withdrawn from the ticket which his name now leads.

The Catholic Universe, the Cleveland and Chicago Advance, St. Mary's Institute Journal, (Catholic) are quoted to the same effect; also the Christian Union, Zion's Herald and the Morning Star (Baptist paper) each calling for Cleveland's retirement.

Professor Mart Taylor, well known throughout Northern California, in giving concert exhibitions, and who has lately resided in Red Bluff where he has been selling campaign charts is supposed to have suicided, as he left a letter written to his daughter and purchased chloroform to end his existence. A severe attack of the "blues" is the supposed cause.

Serious Accident.

Mrs. Webster, mother of Judge Webster and Mrs. John Wright, met with a serious accident at the latter's ranch yesterday afternoon. It seems that the old lady had a fainting spell and in falling struck something sharp and cut a blood vessel in the back part of her head. Fortunately Mrs. Wright's little boy saw her fall or the old lady, who is about 74 years of age, would have bled to death. Mr. Wright thinks that the old lady must have lost over a quart of blood before the arrival of Dr. Bergman. The Doctor has hope of her recovery.

A Grand Carnival.

The members of Nevada Lodge No. 3020, K. of H., of Reno, are making arrangements for a grand carnival masquerade ball on Thanksgiving night. A Card.

POOR'S RANCH, August 23, 1884.

MR. R. L. FULTON — SIR: — You, or your informers, are under a very grand mistake when you say that I rented or sold to Mr. Lucas the liberty to enter the picnic grounds, for I surely did not. I gave it as a free gift, on condition that neither Hymers' nor the nigger's team should be employed. So, therefore, I will meantime maintain my rights. Yours respectfully,

JOHN IRVINE.

Diphtheria in Virginia City.

The Board of Health of Virginia yesterday ordered that there shall be no more public funerals of persons dying of diphtheria. The existing sanitary ordinances are to be enforced. Heretofore nothing has been heard of the Board of Health for a year or two, and many supposed that the body had ceased to exist. They now act at the urgent request of leading citizens. While some of the physicians say there is a great deal of diphtheria in the city, others declare that most of the cases reported are only sore throat.

The Alaska Government.

The San Francisco Call of Thursday says: J. H. Kinkead, the newly appointed Governor of the Territory of Alaska, was found at the Palace Hotel last evening, having just returned from Washington, where he has been making arrangements for the new government of Alaska, of which he is to be the head. His associates in the government are Ward McAllister, District Judge; District Attorney, Mr. Haskell: Clerk of the Court, Mr. Lewis; Marshal, M. C. Hilliyer. Commissioners—Mr. Brady, at Sitka; George P. Thrie, at Wrangle; Mr. Seber, at Ounalaska, and Mr. Stotes, at Juneau. The duty of the Commissioners are about the same as Justices of the Peace, and they are to have jurisdiction in civil cases in which the amount involved does not exceed $200. The Clerk of the Court is ex-officio Secretary and Treasurer, and the Marshal exofficio Surveyor General. The general land laws are inoperative except so far as they relate to mining. The duties of the District Judge will be about the same as the United States District Judges. Governor Kinkead states that it is desired to do without a Legislature, although they would like a Representative in Congress, and, if possible, an arrangement of this kind will be made. The appropriation for carrying on the Government, outside of salaries, is only $15,000 per annum. The buildings now there will be used for the transaction of public affairs, although they are not really suitable. Another year an effort will be made to have an appropriation made for the erection of more commodious quarters. The white population numbers some 2,000. Sitka will be the headquarters of the new government. Governor Kinkead was Postmaster of Sitka in 1867, at the munificent salary of $12 a year.

A Prosperous Camp.

A new bullion producer is the district twenty miles east of Bewawe, where Fred Hutchins and Charley Stoddard had some claims a couple of years ago. The Silverside ships to Salt Lake and the Lady of the Lake has a mill. Dr. Frisbie, of Vallejo, is the principal owner in the Lady of the Lake. It has shipped $20,000 this Summer, and has a good body of ore. It is down only 100 feet. Grayson & Benson own the Riverside. The ore goes from $80 to $1,000 per ton, and is free milling. It ships about $3,000 to a car-load, and averages a car-load a month. It is down seventy feet, with a tunnel 300 feet long.

A Strange Case.

Billy Caughlin's little boy is very sick. A few days ago he and one of his playmates were coming home from Mayberry's ranch, and on the way went some distance through a grain field. They then took off their clothes and waded across the river. That night the boy complained of a severe pain in his eye. Inflammation continued to increase in his eye and face until he became totally blind. The inflammation has been checked somewhat, but the little fellow is still very bad off. It is supposed he was stung in the face by some poisonous insect. Mr. Caughlin will probably take him to San Francisco to-night for medical treatment.

—OF THE—

NATIONAL REPUBLICAN PARTY

Adopted by the National Republican Convention at Chicago.

The Republicans of the United States, in National Convention assembled, renew their allegiance to the principles upon which they have triumphed in six successive Presidential elections and congratulate the American people on the attainment of so many results in legislation and administration, by which the Republican party has, after saving the Union, done so much to render its institutions just, equal and beneficent, the safeguard of liberty and the embodiment of the best thought and highest purposes of our citizens. The Republican party has gained its strength by a quick and faithful response to the demands of the people for freedom and equality of all men for a united nation, assuring the rights of all citizens, for the elevation of labor, for an honest currency, for purity in legislation and for integrity and accountability in all the departments of the Government, and it accepts anew the duty of leading in the work of progress and reform.

We lament the death of President Garfield, whose sound statesmanship, long conspicuous in Congress, gave promise of a strong and successful administration, a promise fully realized during the short period of his office as President of the United States. His distinguished success in war and peace has endeared him to the hearts of the American people. In the administration of President Arthur we recognize a wise, conservative and patriotic policy, under which the country has been blessed with remarkable prosperity. We believe his eminent services are entitled to and will receive the hearty approval of every citizen.

It is the first duty of a good Government to protect the rights and promote the interests of its own people The largest diversity of industry is most productive of general prosperity and the comfort and independence of the people, the taxpayers, without injuring the laborer or the great productive interests of the country.

We recognize the importance of sheep husbandry in the United States, the serious depression which it is now experiencing, and the danger threatening its future prosperity, and we therefore respect the demands of the representatives of this important agricultural interest for the readjustment of the duty upon foreign wool, in order that such industry shall have full and adequate protection We therefore demand that the imposition of duties on foreign imports shall be made not for revenue only, but that in raising the requisite revenue for the Government such duties shall be so levied as to afford security to our diversified industries and protection to the rights and wages of the laborer to the end that native and intelligent labor, as well as capital may have its just reward, and the laboring man his full share in the national prosperity.

Against the so-called economic system of the Democratic party, which would degrade our labor to the foreign standard, we enter our earnest protest The Democratic party has failed completely to relieve the people of the burden of unnecessary taxation by a wise reduction of the surplus. The Republican party pledges itself to correct the irregularities of the tariff and reduce the surplus not by the vicious and indiscriminate process of horizontal reduction, but by such methods as will relieve the taxpayer without injuring the laborer or the great productive interests of the country The Republican party favors a policy which shall keep us from entangling alliances with foreign nations and which gives us the right to expect that foreign nations shall refrain from meddling in American affairs The policy which seeks peace can trade with all Powers, but especially with those of the Western Hemisphere.

We demand the restoration of our navy to its old-time strength and efficiency, that it may in any sea protect the rights of American citizens and the interests of American commerce, and we call upon Congress to remove the burdens under which American shipping has been depressed, so that it may again be true that we have a commerce.

It is the duty of Congress to enact such laws as shall promptly and effectually suppress the system of polygamy within our Territories, and divorce the political from the ecclesiastical power of the so-called Mormon Church, and that the laws so enacted should be rigidly enforced by the civil authorities, if possible, and by the military, if need be.

The people of the United States, in their organized capacity, constitute a nation and not a mere confederacy of States. The National Government is supreme within the sphere of its national duty, but the States have reserved rights which should be faithfully maintained.

We have always recommended the best money known to the civilized world, and we urge that efforts should be made to unite all the commercial nations in the establishment of an international standard, which shall fix for all the relative value of gold and silver coinage.

The regulations of commerce with foreign nations and between the States is one of the most important prerogatives of the general Government, and the Republican party distinctly announces its purpose to support such legislation as will fully and efficiently carry out the constitutional power of Congress over interstate commerce.

The principle of the public regulation of railroad corporations is a wise and salutary one for the protection of all classes of the people, and we favor legislation that shall prevent unjust discrimination and excessive charges for transportation, and that shall secure to the people and the railways alike the fair and equal protection of the laws.

We favor the establishment of a national bureau of labor, the enforcement of the eight-hour law, and a wise and judicious system of general education by adequate appropriations from the national revenue where the same is needed.

We believe that everywhere the protection accorded to citizens of American birth must be secured to citizens by American adoption, and we favor the settlement of national differences by international arbitration.

The Republican party, having its birth in a hatred of slave labor and a desire that all men may be truly free and equal, is unalterably opposed to placing our workingmen in competition with any form of servile labor, whether at home or abroad In this spirit we denounce the importation of contract labor, whether from Europe or Asia, as an offense against the spirit of American institutions, and we pledge ourselves to sustain the present law restricting Chinese immigration and to provide such further legislation as is necessary to carry out its purposes.

The reform of the civil service suspiciously begun under Republican administration should be completed by the further extension of the reform system already established by law to all grades of the service to which it is applicable. The spirit and purpose of the reform should be observed in all executive appointments and all laws at variance with the object of existing reform legislation should be repealed, to the end that the dangers to free institutions which lurk in the power of official patronage may be wisely and effectively avoided

The public lands are a heritage of the people of the United States and should be reserved, as far as possible, for small holdings by actual settlers. We are opposed to the acquisition of large tracts of these lands by corporations or individuals, especially where such holdings are in the hands of non-resident aliens, and we will endeavor to obtain such legislation as will tend to correct this evil. We demand of Congress the speedy forfeiture of all land grants which have lapsed by reason of non-compliance with the acts of incorporation, in all cases where there has been no attempt in good faith to perform the conditions of such grants

The perpetuity of our institutions rests upon the maintaining of a free ballot, honest count and correct returns. We denounce the fraud and violence practiced by the Democratic party in the Southern States, by which the will of the voter is defeated, as dangerous to the preservation of our free institutions, and we solemnly arraign the Democratic party as being the guilty recipient of the fruits of such fraud and violence. We extend to the Republicans of the South, regardless of their former party affiliations, our cordial sympathy, and pledge to them our most earnest efforts to promote the passage of such legislation as will secure to every citizen of whatever race and color the full and complete recognition, possession and exercise of his civil and political rights

Appointments by the President to offices in the Territories should be made from bona fide citizens and residents of the Territories wherein they are to serve.

The grateful thanks of the American people are due to the Union soldiers and sailors of the late war, and the Republican party stands pledged to provide suitable pension for all who were disabled and for the widows and orphans of those who died in the war. The Republican party also pledges itself to the repeal of the limitation contained in the Arrears of Pensions Act of 1879, so that all invalid soldiers shall share alike and their pensions begin within the date of disability or discharge and not with the date of the application.

THE PLATFORM

OF THE REPUBLICAN PARTY

OF THE STATE OF NEVADA,

Adopted at the State Convention Held at Virginia City on April 30, 1884.

The Republican party of Nevada in convention assembled reaffirm their devotion to the principles of the great National Republican party, and reiterates its faith in its ability to carry on the General Government in the same spirit of justice, intelligence and progress, respect for human rights and regard for the interests and dignity of labor which have characterized its history for more than a quarter of a century.

Resolved, That the wise, considerate and judicious administration of President Arthur commends itself to the entire confidence and respect of the American people

Resolved, That the Republican party has at all times been, and still is, the friend and protector of labor, and as such considers the advent of the Chinese race into this country dangerous and inimical to the deserved success and prosperity of American laborers, and still pledges itself to advocate and favor such a line of policy as will protect and foster the interests of labor, and while the recent law of Congress restricting the immigration of the Chinese has approved itself to the people, we demand that it be supplemented by such further legislation as may not only be necessary to attain the object in view, but also prohibit the wholesale importation of persons on contract of labor from any country.

Resolved, That in view of the increased prosperity of the people at large in a great degree consequent upon the wise and settled policy of the Government, we deem it impolitic at present to attempt any change in the revenue and tariff laws now in force

Resolved, That the reduction in duties on imported wools, made by the Act of Congress in March, 1883, resulted in paralyzing the business of wool growing in the United States and in transferring the same to foreign nations, and we demand the restoration of the wool tariff of 1867 at the earliest possible moment.

Resolved, That gold and silver have co-existed and formed the monetary circulation of the world since the origin of human society, that the agitation against silver threatening to destroy its value and use as money is a blunder and a crime, which can only result in a destruction of values without any compensation, doubling the purchasing power of gold for the exclusive benefit of the interest bearing capital of the country at the expense of bread winners, diminishing their wages and injuring the producing and taxpaying classes We declare that silver being a product of our labor and capital as well as gold, its demonetization is unnecessary, unwise, unjust, and pernicious and that the present law ordaining the coinage of silver as a full legal tender should be left undisturbed

Resolved, That we demand of Congress the exercise of all its constitutional power for the speedy suppression of polygamy in the Territory of Utah.

Resolved, That we demand that every citizen shall be protected in his constitutional right to cast a free ballot and have it honestly counted

Resolved, That we approve of all legislation which tends to promote fidelity and efficiency in the civil service of the country

Resolved, That we renew our demand for the establishment by the General Government of a postal telegraph service.

Resolved, That the great act by the Republican party of the emancipation of the people of African descent, a people held for a century in the bondage of slavery and ignorance, has imposed a solemn obligation upon the National Government to aid in the cost of educating the freedmen and their children so that they shall become fit to discharge the duties of American citizenship

Resolved, That monopolies oppressing the people, or unfairly discriminating against them, are wrong in principle and should not be tolerated. To that end we regard with favor the proposed enactment of a law by Congress establishing a National Railroad Commission to investigate the oppressions of railroad corporations, or other legislative action having for its object the relief of the people.

Resolved, That the public domain is the heritage of the American people, and we are in favor of the enactment of such laws as will forbid the alienation of the soil by foreign corporations and foreign landlords.

Resolved, That in the opinion of this Convention the success of the Republican party would be assured by the nomination of James G. Blaine for President, yet, without instructing the delegates this day appointed, but imposing full confidence in their integrity and wisdom, we place on record our firm conviction that they will meet the unanimous sentiment of the Republican party of this State if they support the candidature of Mr. Blaine in the National Republican Convention, and we hereby pledge the Republican party of Nevada to support the nominees of that Convention.
